

## Wednesday, 28th March 2012

Friday sessions will be held at Europejski Hotel, Lubicz 5

08:00 - 08:20

Welcome address

08:20 - 10:20	Partner presentations	ITE
		UNS
		TUW
		IJS
		HIPOT

10:20 - 10:40

Coffee Break

10:40 - 12:40	Technical session I	"Application of LTCC Technology for Fabrication of Multilayer Capacitors, Thermistors and Varistors"	D. Szwagierczak
		"Compressive Strength Investigations of LTCC"	I. Atassi
		"The Effect of Firing Conditions on the Properties of LTCC Material"	K. Makarovič
		"Ferrite Inductors Fabricated in the LTCC Technology"	A. Marić
		"Progress and Outlook Regarding the Realization of the „OnkoCELL-C“-Mobile Diagnostic System"	B. Balluch
		Message from the organizers	

12:40 - 14:00

LUNCH

14:00 - 16:00	Technical session II	"Thick Film PTC and NTC Thermistors Integrated in LTCC Structures"	M. Hrovat
		"Application of Temperature Sensitive Materials in Wireless Sensors"	G. Stojanović
		"Wireless Resonant Pressure Sensors Realized in LTCC – Technology"	G. Radosavljevic
		"Characteristics of Piezoresistive LTCC Pressure Sensors at Different Ambient Conditions"	M. Santo Zarnik
		"Thick-film Piezoresistors on LTCC Substrate"	D. Belavič
		"LC Displacement Sensor in PCB Technology"	M. Damnjanović

16:00 - 16:20

Coffee Break

16:20 - 18:20	Administrative session	Consortium matters
		Miscellaneous
		Adjurn

19:00 - 21:00

DINNER (Ratuszowa Restaurant, Rynek Główny 1)

## Thursday, 29th March 2012

10:30 - 12:00

Tour of ITE laboratories (ITE, Zabłocie 39)

13:00 - 14:00

LUNCH (Grand Sal Restaurant, Park Kingi 1)

14:00 - 17:00

Tour of Wieliczka Salt Mine (optional)

19:30 - 23:00

DINNER (Miód i Wino Restaurant, Sławkowska 32)
